We are Official ODOO Partner

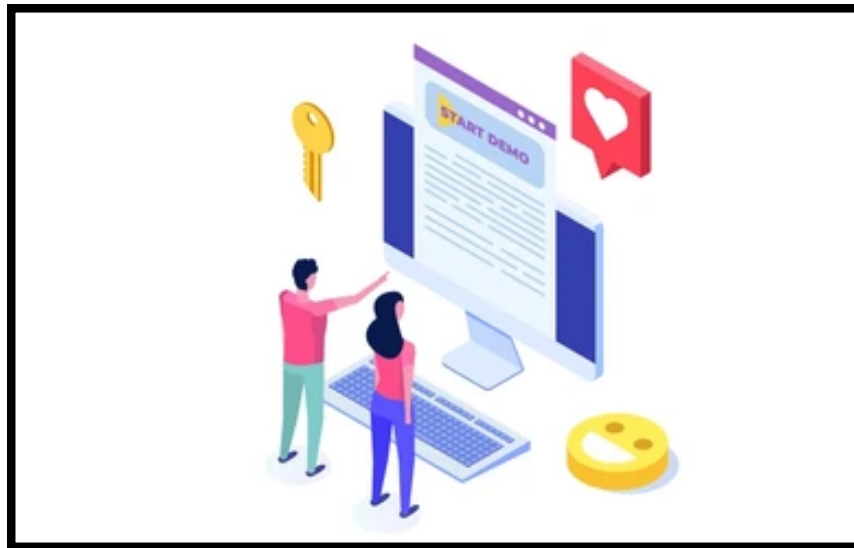

Our Profile

Vperfect CS is an **Odoo** partner company based in Ahmedabad and is working since 2016. We hold expertise in implementing and developing the best enterprise resource planning solution for our clients with our robust experience with Odoo. We have served 50+ clients globally and developed 70+ modules in Odoo. We always believe in our set values and stand by them in our conduct.

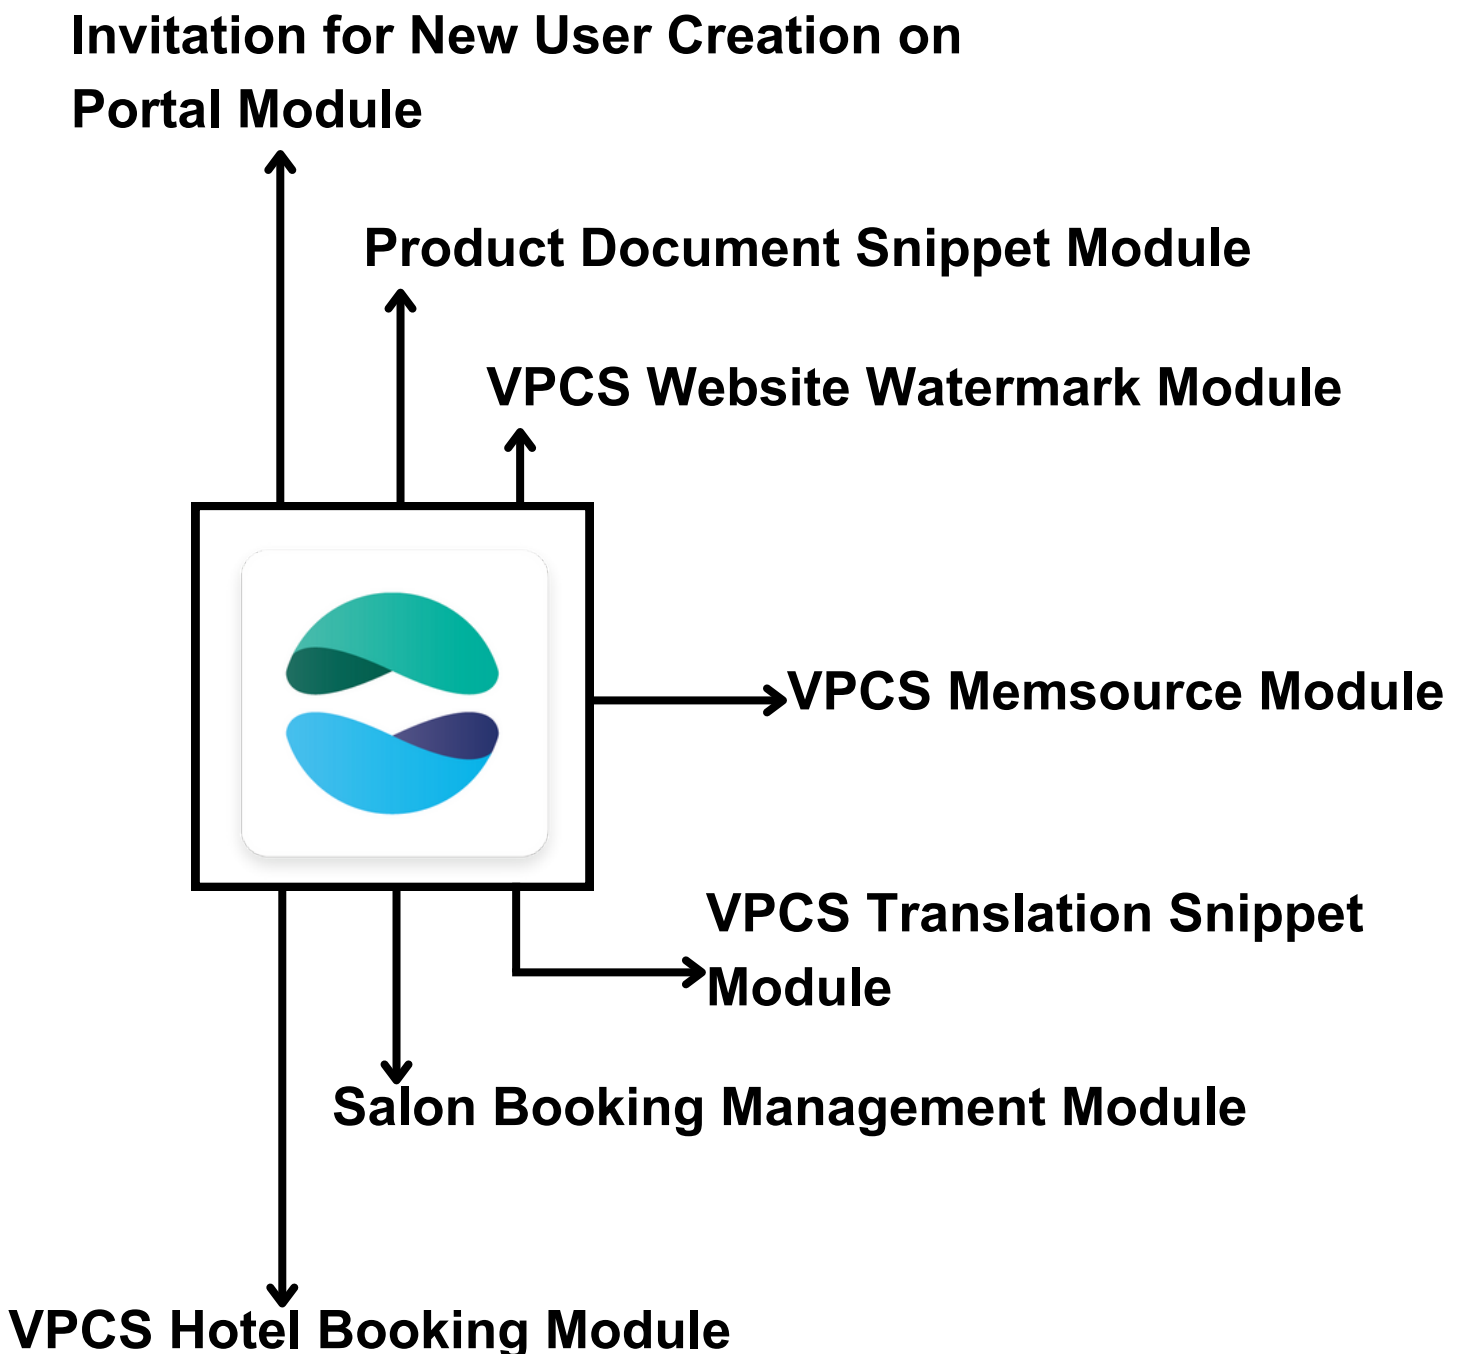

Introduction

- A website plays a very crucial role in building an organisation's branding
- In order to have a successful branding of an organisation on website it should have a unique yet attractive website portraying the organisation's Unique Selling Proposition (USP)

- We help our clients in doing this by using the Odoo's simple to use **Website Builder App** and also customize the standard module by adding additional features based on client's requirement

Our Website Modules

Product Document Snippet Module

- This module helps in uploading documents pertaining to **Product Information** on website
- We first need to **Attach** the documents on the product form page of Odoo

- We also add a **Public URL** to the document to make it accessible to the user on website
- The users can **View** the documents and **Download** them to have more information on the product

- The figure below shows the “**Documents**” tab for attaching the document URL on the product configuration page

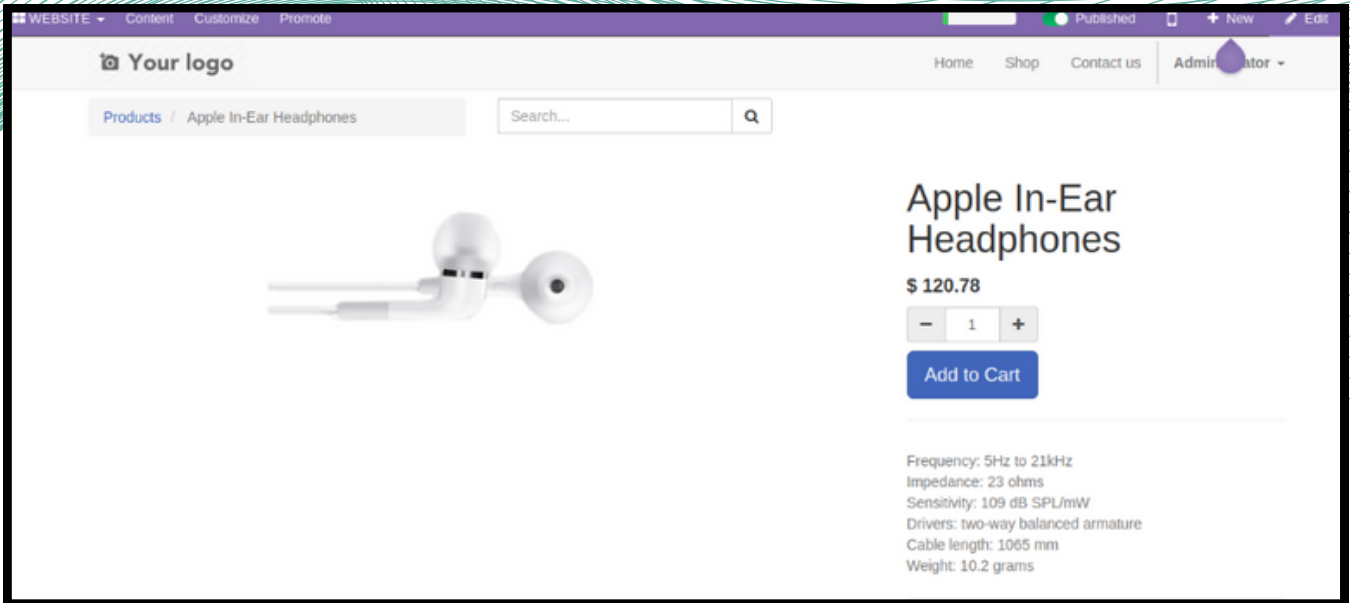

The screenshot shows the 'Documents' tab for the product 'Apple In-Ear Headphones'. The product is published on the website, has 0 sales, and is active. It is marked as 'Can be Sold' and 'Can be Purchased'. The 'Documents' tab is selected, showing a table with columns for 'Document Name' and 'Download URL'.

Document Name	Download URL
Erp Comparison	https://odoocdn.com/openerp_website/static/src/pdf/erp_comparison_en.pdf
Crm Comparison	https://odoocdn.com/openerp_website/static/src/pdf/crm_comparison.pdf
Odoo Sales	/web/content/619/Quotation - SO003.pdf
Google Info	https://drive.google.com/file/d/0BytVL0hTCmUzc3RhcRlc9maWxl/view?usp=sharing

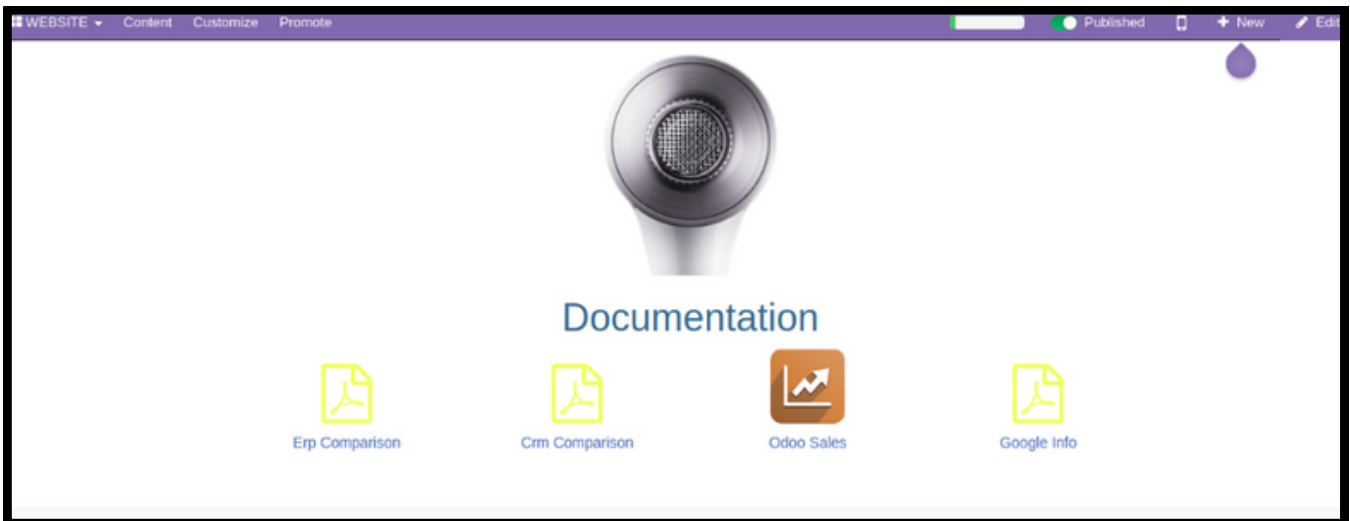

- The figure below shows the popup asking for adding a **Public URL** to the document

The screenshot shows the 'Create Attachment' popup form. The attachment name is 'Sales Order'. The type is 'File'. The file content is 'Quotation - SO003.pdf'. The mime type is empty. The 'Attached To' section shows the resource model, resource field, resource ID (0), resource name, and 'Is public document' (checked). The 'Public Url' field is empty. The form has a 'Description' field and an 'Indexed Content' field. At the bottom, there are buttons for 'Save & Close', 'Save & New', and 'Discard'.

Booking

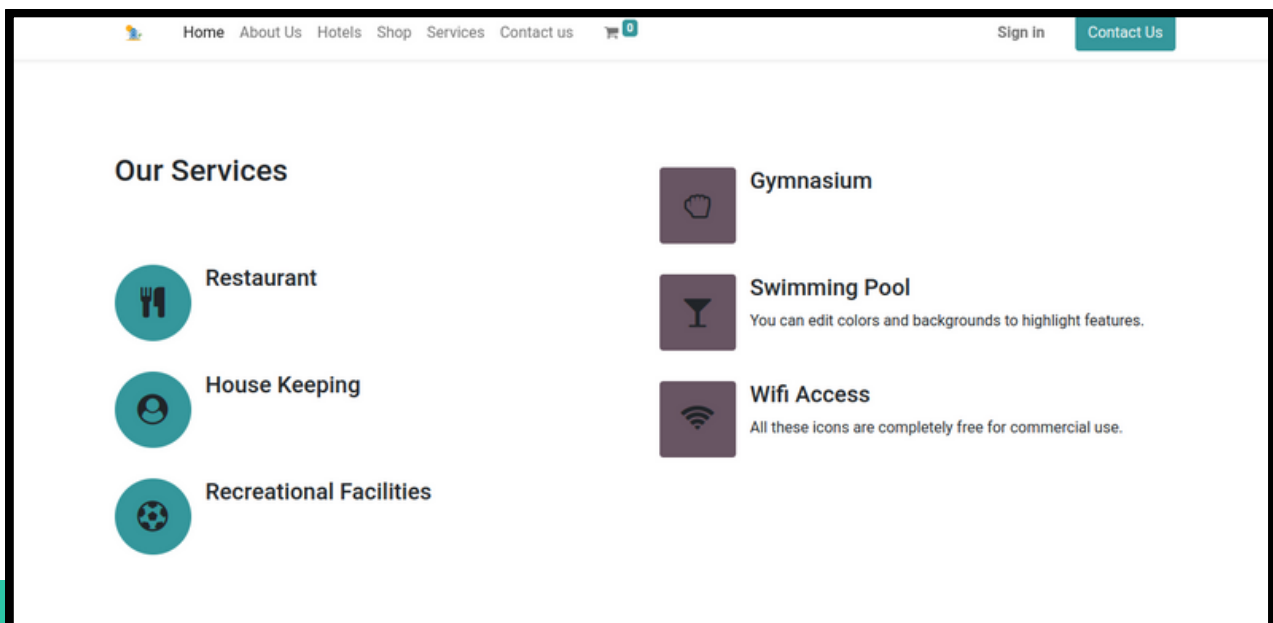

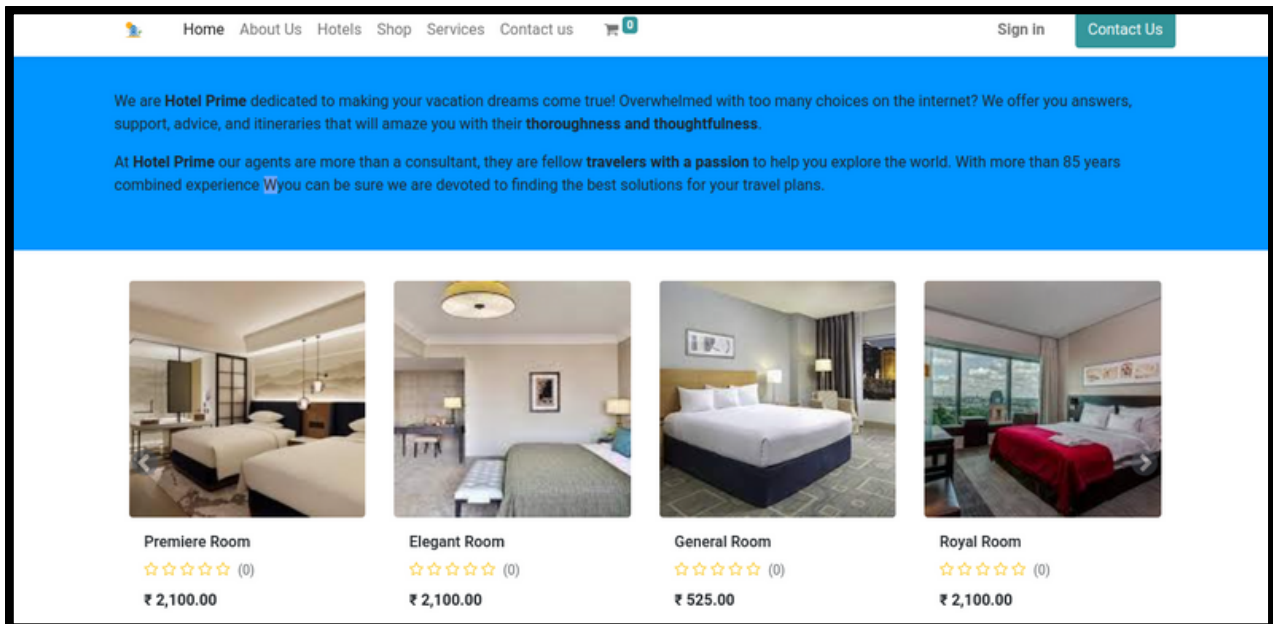

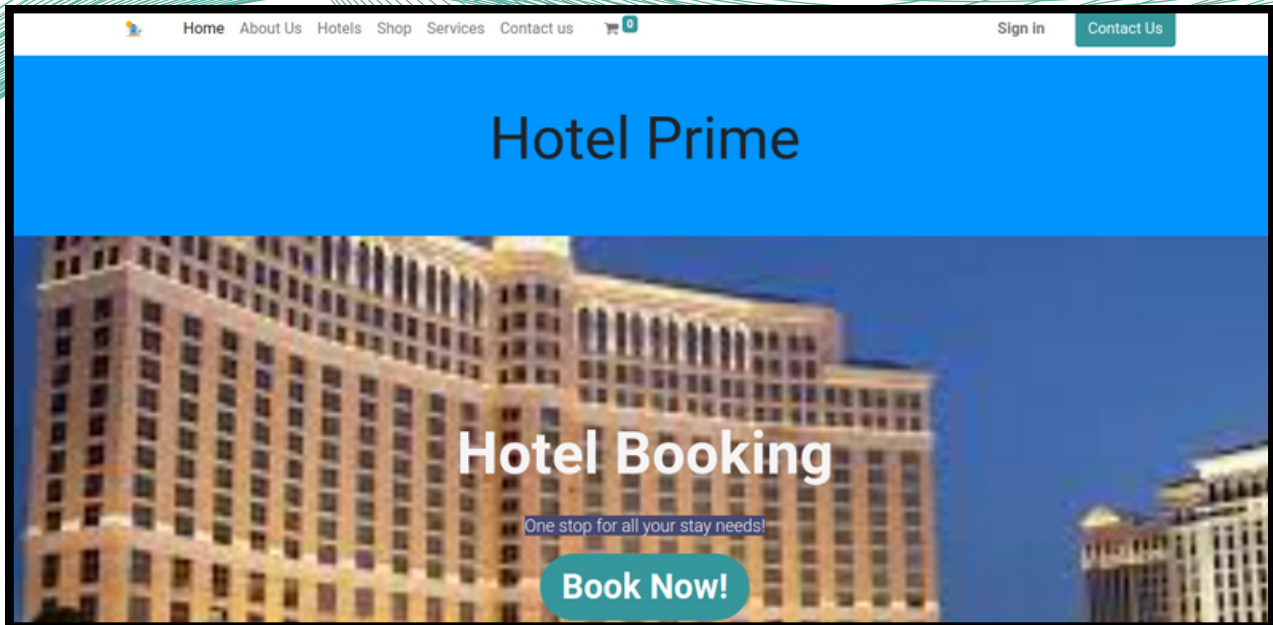

- The **VPCS Hotel Booking Module** provides the feature of configuring the hotel rooms from the back-end that will be displayed as a product on your website to the customers and can be booked and invoiced directly therein
- After an online payment is made by the customer a sales order is generated in the Odoo database

The image shows a screenshot of the 'HOTEL MANAGEMENT' module interface. On the left, there is a stylized icon of a hotel building with a sign that says 'HOTEL'. Below the icon is the 'PerfectCS' logo, which consists of a stylized orange and grey arrow pointing upwards and to the right, followed by the text 'PerfectCS' in a black, italicized font. To the right of the icon, the text 'HOTEL MANAGEMENT' is displayed in a green, sans-serif font. Below this, a paragraph of text reads: 'This module helps in creating Hotels with all the details and then it will appear in the website portal for customers.'

- Thus, it provides an eCommerce like feel to a service providing business like a Hotel
